**The new ZVOX 325 single-cabinet
surround system. Unbelievably great
sound, without the complications.**

We have never heard a single-cabinet audio system that sounds as good as the new ZVOX 325. Created by renowned speaker designer Winslow Burhoe (founder of EPI), it uses a sophisticated amplifier, our PhaseCue™ virtual surround system and an incredible built-in powered subwoofer to create remarkable, room-filling sound. All from a single cabinet as wide as a typical DVD player. With only one connecting wire, and a one-page "owner's manual," the 325 is a miracle of simplicity. It's the ideal way to add great sound to a flat-panel TV. No other audio company has gotten more rave reviews in the last two years. Find out why—try a ZVOX 325 in your own home for 30 days, with virtually no risk. You will—we guarantee—be amazed.
