EchoLink Node and Conference Server Status

As of 18 Feb 2016 13:12 CT. (Updated every 15 minutes from [EchoLink](#).)

Node: GB3YL-R 227697

Status: ON - IDLE

Is your node not showing? You can control this in EchoLink. Go to Tools >> Preferences >> Connections and check the box "Update Location entry with status". It should update here within 15 minutes.
